Work with Ohio's best labor relations team!

OSBA offers a "total package" solution to meet all of your district's labor needs. Our labor relations team is composed of attorneys with extensive experience in arbitrations, unfair labor practices and other labor-related services.

And, no one can beat our pricing — just \$2,000 per case, plus the cost of mileage! Read what your colleagues have to say about OSBA's labor relations services:

"Our district has enjoyed a long-standing relationship with OSBA. The association's labor relations assistance helped with negotiating contracts that minimized labor-management problems during the life of contracts. That assistance was invaluable, allowing the district to focus on educating children."

— Cardington-Lincoln Local (Morrow)

Start employees on the path to success with an employee handbook

Many districts have employee handbooks, but they may be outdated or incomplete. OSBA can help your district create a concise and accurate handbook that is useful for employers and employees.

A handbook:

- provides clear notice of expectations to employees;
- is a handy reference for answering employees' questions and covering basic conditions of employment;
- supports growth and development;
- supports disciplinary actions when guidelines are not followed;
- is a reference tool for nonunion employees.

OSBA offers three options of tiered services to meet your district's needs, including:

- Standard – electronic template of handbook and sample language;
- Review – electronic template of handbook, consultant guidance and more;
- Premium – most complete service to a district.

For more information, contact **Van D. Keating**, director of management services, at (614) 540-4000, (800) 589-OSBA or vkeating@ohioschoolboards.org.
