

MTA Module 1
T Reports and
state funding

Sept. 26, 2024

Looking to better understand school transportation funding? Dive into the heart of the matter: the T Reports. This crucial data serves as the cornerstone of the funding calculations for regular education riders and special education transportation. Don't let the data overwhelm you — let OSBA guide you through it! Our team provides comprehensive data collection forms and expert reviews, empowering you to make informed decisions with confidence.

MTA Module 2
Federal regulations and
school transportation

Oct. 24, 2024

Navigate the world of federal school transportation oversight with greater confidence as we decode the “alphabet soup” — FMCSA, NHTSA, NTSB, TSB, ODI — and their implications for you. Uncover insights from landmark federal studies that are shaping the future of pupil transportation. Understand the intersection of local and federal rules and how they impact your operations.

MTA Module 3
The budget process

Nov. 21, 2024

Ready to master the art of managing transportation budgets? Review the ins and outs of state and local transportation budgeting and unlock the power of cost analyses: Learn where to find them, how to interpret them and what actions to take based on the insights they provide.

MTA Module 4
Transportation rules
and regulations

Jan. 23, 2025

What are the differences between Ohio Revised Code, state administrative code and federal policy? Which are mere suggestions versus binding mandates? What happens when they clash? Join us as we unravel the technical nuances of these regulatory controls and probe into the process of transforming an idea into actionable policy, rule or revised code.

MTA Module 5
District policy, laws
and regulations

Feb. 27, 2025

Unravel the complexities of laws, rules and policies at the district level. How does district policy differ from or amplify revised and administrative codes? Are policies simply suggestions or mandates set in stone? Don't miss this opportunity to deepen your understanding of how policies, laws and regulations impact your district's transportation operation.
